

# ***Capalaba Football Club***

## ***Premier Youth Statement.***

Commencing on December 8<sup>th</sup> 2009, Capalaba Football Club start training for the 2010 Premier Youth Squad. This will be combined in with the Premier League training and will start at 6.30pm.

Coaching staff for season 2010 will be myself has Head Coach and Paul Brabbin as Coach.

Many people will have been coached by myself over the past 10 years will know, I am very much focused on developing players to the best of their ability. Nothing has changed and my first priority will be grooming players firstly to play in the Capalaba Premier League side, and hopefully onwards to Youth A League.

Our focus this year will be producing a good young side consisting of predominantly 15 and 16 year old boys, with a couple of experienced boys thrown in to help guide the side. We invite all boys to Capalaba to trial, and will give all the boys every opportunity to show us what they can do, on and off the field.

Capalaba will be offering Youth scholarships to some players for next year; this will encompass all your club fees, training strips and polo shirts. More info on this will be available at the time of pre season training starting.

Any enquiries regarding any of the above can be answered by calling me on the following number 0437035551.

Andy Coulson

Director of Football

Capalaba Football Club.
